To,
NOWRINA M

December 12, 2024

Subject: Internship Offer for the Position of IoT Developer at InnoWhiz.

We would like to bring you on board as an intern in the role of IoT Developer under the Department of Hardware at InnoWhiz. This role is designed to push your boundaries in the best way possible. You'll have the opportunity to contribute directly to team projects, explore areas you're curious about, and learn new tools and techniques relevant to your field. We want you to walk away from this internship not just with experience, but with a sense of achievement.

Your internship will officially run from 16th December 2024 to 16th June 2025, which accounts for an overall duration of six months.

This internship is intended to offer hands-on learning in [Specific Area of Internship], helping you build relevant skills and industry exposure. It should not be considered an offer of employment, and successful completion does not assure a future position at Innowhiz. Any employment opportunity will require participation in our formal hiring process.

We expect you to comply with all company policies and uphold the confidentiality of Innowhiz's proprietary information at all times. This letter outlines the complete agreement between you and Innowhiz concerning your internship; any changes to these terms must be documented in writing and mutually signed.

We look forward to having you on board and are confident that this internship will offer meaningful learning and growth opportunities.

Accepted and Agreed by:
